

# Guidelines for Article Summaries

For this assignment, students must briefly summarize each of their 10 articles. Details on each summary are provided below.

## 1. Format

- a. The Header should contain your name (left-justified) and the due date (right-justified).
- b. One-inch margins should be used throughout the paper.
- c. Times New Roman font (size 12) should be used throughout the paper.
- d. The complete and properly formatted citation of each article must be placed at the top of each page (single-spaced).
- e. The summary paragraph should be approximately three-quarters of a page in length (double-spaced).
- f. The entire summary (citation and summary paragraph) must fit on a single page.

## 2. Summary Paragraph

- a. Each summary paragraph must contain the following information:
  - i. Brief introduction (1 or 2 sentences) placing the study in its proper context.
  - ii. Specific questions asked or hypotheses tested.
  - iii. Description of methodology employed to address questions or hypotheses.
  - iv. Main results of the study, especially as they relate to questions or hypotheses.
- b. Each summary paragraph should be well written with no spelling or grammatical errors.
