AS&D 2113 – Applied Agricultural Analysis Power Point Test Review Assignment

Assignment Due: This assignment is due, through e-mail, by _____

Directions: Follow the steps below in order to create a Power Point presentation that will review you for your power point exam.

1. Open a Power Point presentation and save it as: “your last name”.test.review.ppt
2. The presentation should be a minimum of 12 slides.
3. The topic of the presentation is to be a new technology or product in agriculture. If you are unfamiliar with a new technology or product, research one.
4. The presentation should have the following:
 - a. At least three different slide layouts.
 - b. A design template of your choice that you have modified in some way in the slide master.
 - c. One chart.
 - d. One table.
 - e. Clip art.
 - f. Pictures.
 - g. Slide Transitions.
 - h. Animations. (Animate objects as well as text)
 - i. Word Art & Autoshapes.
 - j. Utilization of alignment, grouping, arrangement, and rotation tools in the drawing tool bar.
 - k. All rules should be followed. (i.e. – 6x6, colors, fonts, animations, etc.)
5. Know how to operate the program.
 - a. Use different views
 - b. Add and delete slides
 - c. Utilize the masters
 - d. Use the drawing tool bar.
6. Look through your notes. If you can do everything that we did in class, you should do well on the test.
