

COLLEGE OF BUSINESS ADMINISTRATION

Dr. Ruby Barker, Dean

Business Building, Room 173
(254) 968-9350

MISSION STATEMENT

The primary mission of the College of Business Administration (COBA) is to provide an innovative, creative, and relevant education in business disciplines to a diverse group of students. We accomplish this mission by creating an educational environment conducive to the fullest development of an individual's learning and scholarly potential. As a community of scholars, we are committed to excellence in teaching, research, and service to society.

PROGRAMS

The College of Business Administration offers a baccalaureate program leading to the Bachelor of Business Administration (BBA) degree with majors in accounting, computer information systems, finance, management, human resources management, marketing, administrative systems, and interdisciplinary business. The College works with departments across the University in developing support fields for the interdisciplinary business degree. It cooperates with the College of Education and Fine Arts in offering a Bachelor of Science (BS) degree in business with teacher certification. The College also offers a BS degree in computer information systems for specialists not seeking a business degree, a BS degree in management for those desiring a stronger concentration in the field, a BS degree in Business Administration, a BS degree in economics, and BS degrees in accounting and finance. The College also offers the Bachelor of Applied Arts and Sciences degree in Business Occupations.

The COBA academic program is organized into the following departments:

Department of Accounting, Finance, and Economics

Department of Computer Information Systems

Department of Management, Marketing, and Administrative Systems

The Small Business Development Center is operated by the College with a special service mission to businesses and communities within the University's service area.

For more information about business programs, see the COBA website at www.tarletonh.edu/~coba/.

ACCREDITATION

Tarleton State University, through its College of Business Administration, is nationally accredited by the Association of Collegiate Business Schools and Programs for offering the following degree programs:

1. at the graduate level, for the Master of Business Administration (MBA) degree;
2. at the undergraduate level, for BS degrees in Accounting, Finance, and Management; and for all BBA degrees.

GENERAL REQUIREMENTS OF THE BBA/BS DEGREES

Please consult the section on Requirements for A Baccalaureate Degree (pp. 41-44) for general information on core curriculum and other requirements for Tarleton's undergraduate degree programs.

COMMON BUSINESS CORE

The following common body of courses (or their equivalents) is required of all majors seeking the BBA degree: ECO 201, 202; ACC 203, 204; CIS 301 or ACC 301; FIN 301; G B 311, 432, 433, 459; G B 444 or FIN 401 or ECO 401; MGMT 301; MKTG 314

CERTIFICATION FOR BUSINESS TEACHING

The Department of Management, Marketing, and Administrative Systems offers the BS degree in business with a secondary teaching certificate. Please contact that department for information on program requirements.

TRANSFER POLICY

Community/junior college students who plan to transfer to the College of Business Administration are advised to take the courses recommended for the freshman and sophomore years as outlined in this section. The appropriate department in COBA should be consulted to resolve questions of transferability. Upper-division 300/400-level courses taught by the COBA should not be taken at a community/junior college.

Credit for business courses taken at another college or university and transferred to Tarleton to be applied to a BBA or BS degree in business will be awarded on the following bases:

1. Business courses that are equivalent to a 100- or 200-level course at Tarleton will be accepted if the course content is considered by COBA to be similar.
2. Business courses that are equivalent to a 300- or 400-level course at Tarleton will be accepted for advanced credit only if they were taken for advanced credit. Some students may petition for credit in upper-level business core requirements by completing a validating examination through either the College Level Examination Program or a departmental examination; such testing requires approval of the appropriate department head and the Dean of the College of Business Administration. If permission is granted for credit by examination, such credit must be completed before taking any classes for which the course is a prerequisite. Validation must be accomplished in the first semester of enrollment at Tarleton.
3. Business courses that are upper level at Tarleton, but are transferred in as lower-level courses, will be accepted for transfer as lower-level electives with no validation exam.
4. The maximum hours that may be transferred from a community or junior college with validation and applied to a specific major in business (accounting, finance, CIS, management, marketing, or administrative systems) is 9 hours. Under no circumstances may more than 68 semester hours transferred from a two-year institution be counted toward a degree.

LOWER LEVEL TYPICAL CURRICULUM FOR BBA/BS DEGREES

Freshman Year	Sem. Hrs.	Sophomore Year	Sem. Hrs.
ENGL 111, 112	6	ENGL 309	3

Department of Accounting, Finance, and Economics

Dr. Sue Cullers, Head

Business Building, Room 125
(254) 968-9331

Professors: Brocato, Collier, Cullers, Jafri, Sundarrajan
Associate Professors: Dyer, Liu, Peevey
Assistant Professors: Beaty, Cadle, Duncan, Smith, Wade

The Department of Accounting, Finance, and Economics offers programs of study leading to the Bachelor of Business Administration or Bachelor of Science degree in Accounting and Finance. The department also offers the Bachelor of Science degree in Economics. The University's MBA program is administered through the department, and graduate concentrations in Accounting and Finance are offered for the MBA program.

150 HOUR CPA CERTIFICATION REQUIREMENTS

For those students preparing to become certified public accountants, the Public Accountancy Act of 1991 requires that applicants must have completed at least a baccalaureate degree and not fewer than 150 semester credit hours of recognized courses. Courses included in the BBA or BS degree program in Accounting are accepted toward this requirement. For the remainder of the 150 semester hours, students may complete the MBA or other master's program as described in the graduate section of the catalog. However, if a student does not desire to complete a master's degree, the following program of study is recommended. A departmental accounting advisor will discuss individualized study programs with each student.

- 4 College of Business Administration
Accounting, Finance, and Economics

**POST-BACCALAUREATE PROFESSIONAL ACCOUNTING PROGRAM
(To Meet State 150-Hour Requirement)**

In addition to completing requirements for the Bachelor of Business Administration or Bachelor of Science degree in Accounting, students may complete the following courses.

Take: CIS 511, FIN 501 and 507, MKTG 508

Complete graduate electives as recommended by advisor to bring total semester credit hours to 150 or more.

Teacher Certification

The Department of Computer Information Systems offers a secondary education certificate plan in Computer Science developed within the framework of the State Board for Educator Certification 2000 Standards. Courses in the plan are CIS 103 or 300, 110 or 303, 240 or 330, 242 or 342, 315, 340, 351, 389. The department also offers a technology applications secondary educator certificate plan (2000 standards) in conjunction with other campus departments. Courses required for the technology applications endorsement include ENGL 312, 412, 420; CIS 116 or 346, 315, 415; COMS 306; EDTC 300, 400.

Section Break (Next Page)

Department of Management, Marketing, and Administrative Systems

Dr. Sam Hazen, Head

**Business Building, Room 130
(254) 968-9098**

Professors: Barker, Hazen

**Associate Professors: Boykin, Deviney, Florey, Fry, Kirkland, Lyon,
Myers, J. Petronis, R. Petronis, Vitucci, Warnock**

**Assistant Professors: Dudley, Freed, Garner,
Kegans, Matherly, McCamey**

**Instructors: Ball, Foster, Gerhardt, Hall, LaLone, LaMarca, Lewis,
Swindell**

The Department of Management, Marketing, and Administrative Systems offers eleven undergraduate degrees. The Department offers a BBA in Management, a BBA in Human Resources Management, a BS in Management, a BBA in Marketing, a BBA in Interdisciplinary Business, a BS in Business Administration and a BBA in Administrative Systems. The Bachelor of Science degree in Administrative Systems leads to teacher certification with three options: Business Secretarial, Business Administration, and Business Composite. The department also supports a minor in International Studies.

The BS in Applied Science, with a business emphasis, is offered through the College of Liberal and Fine Arts. The Bachelor of Applied Arts and Sciences degree in Business Occupations is available through the Department of Management, Marketing, and Administrative Systems. The BSAS requires a block of approved occupational specialization credit for technical training and the BAAS requires a block of approved occupational specialization credit for technical training and/or work experience. The credit block is subject to approval by the BAAS Committee. Up to 36 credit hours of occupational specialization may be granted by the BAAS Committee subject to special guidelines.

These degree programs have a dual emphasis: a broad-based education in the foundation disciplines of the liberal arts and the sciences and a focused development of business knowledge. Each major has a set of required courses and electives that students may choose to enrich their degrees. Moreover, the general business courses are designed to support the various business curricula. All departmental programs are designed to prepare students professionally and for entrance into graduate school.

At the graduate level, the department offers a MS in Management and Leadership and a MS in Human Resources Management. The departments of the College of Business Administration in cooperation offer the MBA degree. Those interested in graduate programs should consult the graduate section of this catalog.
