

## **Agricultural Economics**

**501-3 Environmental Issues and Agricultural Policy. (3-0)** Current and emerging problems in economics of environmental issues relating to agriculture and agribusiness firms. Examination of policy issues, institutions, and legal and political constraints in relation to environmental quality and agricultural resources. Prerequisite Course(s): ECO 201: Principles of Economics: Macro and ECO 302: Intermediate Microeconomics or approval of instructor of record.

---

In course descriptions, the digit following the course number is the number of semester credit hours. For example, ENGL 111-3 is a freshman level course worth 3 semester hours of credit. The numbers in parentheses following the course number (for example, 3-2) indicate the number of clock hours per week devoted to theory and practice, respectively. (WI) indicates that sections of this course will be offered as writing intensive.
