

Animal Science

403-3 Beef Cattle Production. (2-2) Beef cattle industry, principles involved in breeding, feeding, management, disease and parasite control, and marketing analysis of ranch and feed lot systems. Lab fee \$9. Prerequisite Course(s): ANSC 309: Feeds and Feeding or ANSC 406: Animal Nutrition

In course descriptions, the digit following the course number is the number of semester credit hours. For example, ENGL 111-3 is a freshman level course worth 3 semester hours of credit. The numbers in parentheses following the course number (for example, 3-2) indicate the number of clock hours per week devoted to theory and practice, respectively. (WI) indicates that sections of this course will be offered as writing intensive.
