586-v Animal Science Problems. (credit-variable) Advanced studies in animal science problems and procedures. Problems assigned according to experience, interest, and needs of individual student.

In course descriptions, the digit following the course number is the number of semester credit hours. For example, ENGL 111-3 is a freshman level course worth 3 semester hours of credit. The numbers in parentheses following the course number (for example, 3-2) indicate the number of clock hours per week devoted to theory and practice, respectively. (WI) indicates that sections of this course will be offered as writing intensive.
