

## Biology

**598-3 Research Design and Analysis. (3-0)** Statistical principles and techniques applicable to the procurement, analysis, and evaluation of quantitative data. Prerequisite Course(s): MATH 107: College Algebra or approval by the department head.

---

In course descriptions, the digit following the course number is the number of semester credit hours. For example, ENGL 111-3 is a freshman level course worth 3 semester hours of credit. The numbers in parentheses following the course number (for example, 3-2) indicate the number of clock hours per week devoted to theory and practice, respectively. (WI) indicates that sections of this course will be offered as writing intensive.
