

## Environmental Science

**541-3 Environmental Site Assessment. (3-0)** Introduction to Phase I and Phase II investigations, principles of siting and installation of monitoring wells, a review of sampling methods and sample design, and the use of water quality data to characterize subsurface contamination. Credit for both GEOL 561 and ENVS 561 will not be awarded. Prerequisite Course(s): GEOL 320: Hydrogeology or consent of Department Head.

---

In course descriptions, the digit following the course number is the number of semester credit hours. For example, ENGL 111-3 is a freshman level course worth 3 semester hours of credit. The numbers in parentheses following the course number (for example, 3-2) indicate the number of clock hours per week devoted to theory and practice, respectively. (WI) indicates that sections of this course will be offered as writing intensive.
