

Horticulture

403-3 Greenhouse Crop Production. (2-2) Application of basic plant sciences to principles and practices involved in plant selection, production, grading, and distribution of plants grown in nurseries and greenhouses. Lab fee \$14. Prerequisite Course(s): HORT 200: Principles of Horticulture and and HORT 300: Plant Propagation and and HORT401: Greenhouse and Nursery Management

In course descriptions, the digit following the course number is the number of semester credit hours. For example, ENGL 111-3 is a freshman level course worth 3 semester hours of credit. The numbers in parentheses following the course number (for example, 3-2) indicate the number of clock hours per week devoted to theory and practice, respectively. (WI) indicates that sections of this course will be offered as writing intensive.
