

Industrial Technology

586-v Problems. (credit-variable) Open to students who are pursuing graduate work and have a background in Engineering Technology. Problem chosen by the student and developed through conferences and activities directed by the supervising professor.
Prerequisite Course(s): Graduate classification and approval of department head.

In course descriptions, the digit following the course number is the number of semester credit hours. For example, ENGL 111-3 is a freshman level course worth 3 semester hours of credit. The numbers in parentheses following the course number (for example, 3-2) indicate the number of clock hours per week devoted to theory and practice, respectively. (WI) indicates that sections of this course will be offered as writing intensive.
