

Nursing

330-4 Nursing Care of the Older Adult. (2-6) Focus is on risk reduction, disease prevention, and strategies for health promotion, restoration, and maintenance in a vulnerable older population. Emphasis is placed on integrating assessment, data analysis, therapeutic communication, and critical thinking skills to direct culturally sensitive care of older adults. Clinical experiences are conducted in a variety of health care settings and the simulation lab. Course fee \$20. Lab fee \$10. Prerequisite Course(s): NUR 301: Family Health Nursing and NUR 322: Health Assessment and NUR 323: Nursing Care of Adults Co-Requisite Course(s): NUR 325: Scholarly Inquiry in Nursing

In course descriptions, the digit following the course number is the number of semester credit hours. For example, ENGL 111-3 is a freshman level course worth 3 semester hours of credit. The numbers in parentheses following the course number (for example, 3-2) indicate the number of clock hours per week devoted to theory and practice, respectively. (WI) indicates that sections of this course will be offered as writing intensive.
