

Wildlife Management

486-3 Problems. (3-0) Individualized study of current topics in wildlife management, natural resource management or a supporting discipline. Specific content and credit depend upon student's interests, needs, and depth of study. Maximum undergraduate credit, six semester hours. Prerequisite Course(s): Senior classification and advance approval by academic advisor.

In course descriptions, the digit following the course number is the number of semester credit hours. For example, ENGL 111-3 is a freshman level course worth 3 semester hours of credit. The numbers in parentheses following the course number (for example, 3-2) indicate the number of clock hours per week devoted to theory and practice, respectively. (WI) indicates that sections of this course will be offered as writing intensive.
