

FINANCIAL AID

Tarleton State University offers student financial aid in the form of loans, grants, work opportunities and scholarships. In determining the type and amount of financial aid necessary to meet a student's financial need, the University expects parents and spouses to make a maximum effort to assist the student with college expenses. Financial aid resources of the University should be viewed only as supplementary to the financial aid resources of the applicant and family.

To apply for financial aid, a student must submit a Free Application for Federal Student Aid (FAFSA). The Federal Central Processor will mail renewal applications or PIN numbers to students who applied for federal student aid for the 2011-2012 academic year and to those students who apply in subsequent years. Students should use the renewal FAFSA or PIN number to make their annual application for assistance. Financial aid applications are available from high school counselors, the internet at: www.fafsa.ed.gov, most college or university student financial aid offices or contact:

ACADEMIC ELIGIBILITY REQUIREMENTS FOR FINANCIAL AID

Various federal and state regulations governing student financial assistance require that an institution develop standards to measure academic standing and progress toward a degree objective. These regulations are subject to changes in the Tarleton academic policy regarding probation and suspension.

The financial aid program is designed for all students who have demonstrated financial need for assistance to meet college expenses and who are making satisfactory academic progress, as defined by the Department of Student Financial Aid. All students must be enrolled and accepted for enrollment in a program leading to a degree or certificate. Financial aid eligibility is contingent upon continued satisfactory progress toward a degree or certificate. To maintain Satisfactory Academic Progress, a student must meet the standards listed below.

Grade Point Average: Undergraduate students with less than 30 must maintain a 1.30 minimum cumulative grade point average (GPA). Undergraduate students with 30-59 hours must maintain a 1.50 minimum cumulative GPA. Undergraduate students with 60 or more hours must maintain a minimum cumulative grade point average (GPA) of 2.0 on Tarleton course work. Graduate students must maintain a minimum cumulative GPA of 3.0. ***If a course is repeated at this institution, only the best grade in the course is counted in computing the cumulative GPA.***

Excessive Hours: Undergraduate and Graduate/Ph.D. students are eligible to receive financial assistance for a limited period of time while pursuing a degree. A student should not exceed 150 percent of the number of credits that it takes to obtain a degree. Our policy for Excessive Hours is based on the minimal credit hours a student must have in order to be eligible to complete a degree. Credit hours are cumulative, thus students working towards obtaining more than one degree in the same category (i.e. two Master) may also be blocked for Excessive Hours. This also applies when a student changes majors.

All courses that a student registers for [including courses that were completed and those that are not completed (i.e. drops and withdrawals)] or transfers to Tarleton are included in the excessive hour calculation.

Deficit Hours: Financial aid recipients are expected to complete a defined number of credit hours each semester per academic year. This number is based on the number of hours a student enrolls for during the semester per academic year as follows: Students must successfully complete/earn a minimum of 67% of all attempted course work (62% for undergraduate students with 0-29 earned hours) to remain on track to complete the program of study within the maximum time frame allowed to retain financial aid eligibility. Attempted hours include all transfer hours as well as all registered hours at Tarleton as of the census date (12th class day in a long semester and 4th class day in the summer term) for each enrollment period whether or not the student earned a grade or received credit. All partial credit hours will be rounded down to the nearest hour.

Review Policy: The Financial Aid Office will review the above minimum standards of academic progress annually at the end of every spring semester to determine each applicant's eligibility for aid consideration for the upcoming year (summer, fall, spring). If it is determined that the student does not meet the requirements, he/she will be ineligible to receive financial aid and will be notified accordingly.

Appeals: Students have the right to appeal Satisfactory Academic Progress Standards. However, the submission of an appeal is only a request does not imply that financial aid holds will be removed or that approval of the appeal is forthcoming. The appeal must be submitted to our office in writing or by email and should demonstrate that extenuating circumstances occurred which were beyond the student's control.

A decision will be reached within ten working days and the student will be notified of the results by postal mail.

Priority Dates

Priority is given to students who have submitted to the Financial Aid Office all requested and required documentation (including appropriate electronic data exchange) prior to the following dates:

March 1	Summer semester

Deadlines

No aid will be processed after the following dates:

April 1	Summer semester
October 15	Fall semester
March 15	Spring semester

Applicants are responsible for the timeliness and promptness of their applications. Note: Electronic data from outside processing agencies and all other required documentation must be on file in the Financial Aid Office to ensure first consideration for awards.

FINANCIAL AID

LOANS

Each student must complete pre-loan counseling before release of the first disbursement of the first Direct loan. After initiating an application in the Financial Aid Office, the actual loan transactions are made between the student borrower and a lending institution participating in the program. All loan amounts are determined by the cost of education, less other financial aid, less expected family contribution or the program limits. In addition, students must be enrolled in at least 6 semester hours to qualify.

William D. Ford Federal Direct Loan Program

William F. Ford Direct Loans are student loans that must be repaid and are available to both undergraduate and graduate students. Undergraduate loan limits may not exceed \$5,500 (no more than \$3,500 may be subsidized) for freshmen, \$6,500 (no more than \$4,500 may be subsidized) for sophomores and \$7,500 (no more than \$5,500 may be subsidized) for juniors and seniors. Graduate students loan limits are limited to \$20,500 (no more than \$8,500 may be subsidized).

A subsidized loan is awarded on the basis of financial need. If eligible for a subsidized loan, the government will pay (subsidized) the interest on the loan while the student is in school, for the first six months after leaving school, and if the student qualifies, payments may be deferred. For an unsubsidized loan, the student is responsible for the interest from the time the unsubsidized loan is disbursed until it is paid in full. The borrower is required to pay a combined lender fee and insurance premium on the principal amount of the loan.

Students begin repaying Direct loans six months after they drop below half-time enrollment.

FEDERAL DIRECT PLUS LOANS (PARENT LOANS)

Parent Loans are made by the Department of Education to parents to assist in meeting education costs. Parents, on behalf of their dependents, may borrow the annual loan limit of the cost of education, less other financial aid. Repayment is generally due within 60 days of the loan disbursement. The interest rate on a PLUS loan made on or after July 1, 2006 is fixed at 8.5%. Federal law requires a 3% origination fee and a 1% federal default fee. Fees charged to the PLUS borrower are deducted from the loan proceeds when the money is net to the student's school.

Short-Term Loans

Application for all short-term loans is made through the Student Financial Aid Office. Distribution and repayment of funds is made in the Business Office. Student ID must be presented upon application. Students will be allowed to have only one Tarleton Loan, and one Tuition and Fee Emergency Loan for the first installment only, plus one Stephen or Student Memorial or Score or Porter Leon or Potishman Loan per semester. Students will also be allowed only one Potishman or short-term Porter Leon Loan per semester. Loans will cease to be disbursed 30 days before all loans are due. All short-term loans are paid at the cashier's window in the Administration Building.

Tarleton Loans

These loans must be used for room and board only. There is a service charge. Loans not paid on time will be assessed a late fee. Loans are due approximately 90 days after signing the promissory note or the end of the semester, whichever is earlier.

Stephen, Student Memorial, Score, Porter-Leigon Loans

These loans must be used for books only. Students may borrow up to \$500. The loan will be available on the student's Texan Card to be used at the Tarleton Campus Bookstore located in the Thompson Student Center. A service charge will be assessed. Loans are due approximately 90 days after signing the promissory note or the end of the semester, whichever is earlier. Loans not paid on time will be assessed a late fee.

Potishman Loans

These loans may be made up to \$40 for a 30-day period with a \$5 service charge. Loans not paid on time will be assessed a late fee.

Tuition and Fee Emergency Loans

Conditions are as follows:

1. Tuition and Fee Emergency Loans are for the first installment of tuition and fees only. Loan applications must be submitted to the Financial Aid Office. These loans are applied automatically to the student's account.
2. Eligible students' applications will be processed on a first-come, first-served basis.
3. Maximum loan amount per student may not exceed the amount owed in tuition and required fees for the courses in which the student is actually enrolling.
4. A promissory note with an interest rate of 5 percent per annum will be executed by the student to be repaid over a period not to exceed ninety days for a loan made for a regular semester, or thirty days for a summer session.

Porter-Leigon Loan Fund

The V. O. Porter and Nell Porter Leigon Fund was established in 1986 by a gift from the Anthon M. Leigon Estate to Tarleton.

The Potishman Fund

This is a short-term loan program, which began in 1971 through a \$5,000 donation of Fort Worth businessman Leo Potishman.

The Score Loan Fund

This fund is used to make loans up to a maximum of \$100 to any business major.

The Stephen Memorial Loan Fund

This fund was established from the will of Na Homer Stephen in memory of M. L. Matt and Mattie Stephen.

The Student Memorial Loan Fund

This fund has been established from the will of Will C. Hogg of Houston. Other friends have contributed to it. The original endowment has been invested in securities and the income is being used for Tarleton student loans.

Tarleton Loan Fund

When the state of Texas took over Tarleton State College in 1917, among the many gifts provided by citizens of Stephenville was a cash gift of \$75,000 with which to commemorate the name of John Tarleton, the original benefactor who made the establishment of Tarleton State University possible in 1899. Citizens of Stephenville and Erath County remembered John Tarleton with great affection, and for that reason this money was raised by private subscription and turned over to the Board of Directors to be used as a student loan fund. The Board of Directors immediately invested the \$75,000 as an endowment, making available for loans the income from interest. The first student loans were made in 1920.

LATE PAYMENTS ON LOANS

When a student does not make payment on any outstanding loan by the due date, his/her records will be blocked immediately.

GRANTS

Federal Pell Grants

Pell Grants are available to eligible undergraduates. Pell Grant funds are disbursed based on number of hours enrolled when the funds are received. All other sources of aid will be given in addition to the Pell Grant.

Academic Competitive Grants

ACG grants are available to eligible undergraduates. The maximum amounts are \$750 for first year students and \$1,300 for second year students.

To be eligible, the applicant must be at least a half-time student, a citizen, a national or a permanent resident of the U.S., and otherwise eligible to pay Texas resident tuition.

Texas Grant Program

The Toward Excellence, Access, and Success (TEXAS) grant program was established in 1999 by the Texas Legislature to provide need-based financial assistance to resident Texas students who completed the Recommended high school program. Eligible students may receive an amount up to the cost of required tuition and fees each academic year of eligibility. Some restrictions apply.

To be eligible for the TEXAS grant, a student must be a Texas resident and a graduate from a public or accredited private high school no earlier than Fall 2001 and must demonstrate exceptional financial need as determined by the Free Application for Federal Student Aid (FAFSA). Detailed information is available by request in the Financial Aid Office.

TEACH GRANT

This is a federally funded program available to students admitted into the teacher education program. Eligible students must meet and maintain a 3.25 GPA. In exchange for the grant, students must agree to serve as full-time teachers at certain schools and within specific high-need fields for at least four academic years within eight years of completing their course of study. If a grant recipient does not carry out this obligation, the TEACH grant funds received will be converted into an unsubsidized loan that must be repaid with interest.
