- Political Science
- Psychology
- Sociology
- Wildlife Management
- Business Administration
- Manufacturing
- Clinical Laboratory Science
- Nursing
- Social Work

Bachelor of Applied Arts and Sciences

Bachelor of Science Nursing  
 Bachelor of Social Work

**Undecided as to Major**

The Division of General Studies advises all students who have not yet decided on their majors. Such students should schedule appointments with a member of the Division staff prior to their first semester of enrollment at Tarleton. Advisors in the Division refer students to campus services that help them select a major and provide academic advisement until such a selection has been made. More information about Student Success is on p. 87.

No secondary education degree program is available. However, secondary education certification courses may be a part of the curriculum leading to most Bachelor of Arts and Bachelor of Science degree programs for the purpose of secondary teacher certification. Students should consult both the College of Education for information concerning certification requirements and the specific academic department for their recommended degree program.

Please refer to the College of Graduate Studies in this catalog for information about graduate degree programs.

**\*\*These undergraduate degree programs are being phased-out by the University. No new admissions will be allowed.**

**Undergraduate Minors**

Tarleton State University offers the following minors. Up to two minors may be declared in most baccalaureate degree programs. The first list of minors are those requiring a minimum of 18 hours with the designated prefix of which at least 6 must be advanced.

Accounting	ACC	Family and Consumer Sciences	FCS
	ADMS	Finance	FIN
