

## CS 230 Lab 5 - File Editor - III

Assigned: 9/16/09

Points 20

### Purpose

The purpose of the lab is to learn how to create and use toolbars in Java.

### Create the Project

Create a new project. Copy Lab 4 and use it as the starting point for this lab. Create an interface that appears similar to the following:

The functionality of the application will be identical to previous labs. You can find images on the common drive.

Use the AbstractAction class to handle events.
