

## **Lab 4 – Game XML**

**Due 9/29/09**

**Points: 20**

### ***Purpose***

The purpose of the lab is to augment your Game so that the scenario is stored and retrieved from XML.

### ***Lab Description***

The behavior of the game will be the same as before except it will use DOM to retrieve and potentially save the game scenario.

Turn in a copy of your program with sample output.
