Student Highlights and Improvement Suggestions

Agriculture AGRI

Highlights of Graduate Study at Tarleton

The coursework was challenging with big rewards
Finishing my thesis

Improvements that could be made to Tarleton's Graduate School

Greater variety of graduate level courses, better research resources and facilities, and faculty willing to conduct quality research

Biological Sciences BIOL

Improvements that could be made to Tarleton's Graduate School

Increase number of courses

Criminal Justice CJ

Highlights of Graduate Study at Tarleton

Working one on one with the professors was a true highlight

Improvements that could be made to Tarleton's Graduate School

The criminal justice program is wonderful just the way it is

Counseling CNSL

Highlights of Graduate Study at Tarleton

I have enjoyed and appreciated working with all of the counseling education staff at TSU. Having some of the courses available in Fort Worth was an extra benefit.

I have made great connections and relationships with other professionals during my graduate study. I appreciate more than I explain the amazing professors I was able to interact with and learn from.

Availability of faculty and advisors to provide suggestions and guidance throughout the program.

Learning new information that can help me in the future.

Getting to work with well educated and interesting professors.

The highlight of my graduate study at Tarleton was being in a cohort.

Personable environment; individual attention

Awsome, helpful professors in the program and clear program goals

Knowledgable faculty

Improvements that could be made to Tarleton's Graduate School

A clearly written, well organized time line of important dates, deadlines, and requirements, for graduation and certification (application for comprehensive exams, graduation, ExCET, etc.) would be a valuable tool for many graduate students.

The only thing I wish could have been different was the order in which I took some of my classes. It would have been beneficial for me to take some of my classes in a different order than what I did.

More variety in elective choices for the school counseling route such as: Drug + Violence Prevention; Programs that work; crisis response

Improvements that could be made to Tarleton State's graduate school in Ft. Worth would be to actually have graduation in Ft. Worth

Graduate school could improve on processing/informing studetns regarding transfer hours.
More info by mail.

Counseling Psychology CPSY

Highlights of Graduate Study at Tarleton

The best part of graduate study at Tarleton is the small classes which allow for discussion
I feel my education had prepared me well for my career as a school counselor.

Improvements that could be made to Tarleton's Graduate School

I think that the program should include more research opportunities with staff, or more
volunteer requirements in order to provide an experience that will lend itself to further
graduate study

Curriculum and Instruction CUIIN

Highlights of Graduate Study at Tarleton

Relevant, rigorous coursework and professors who care. Plus ability to pursue degree with
my TMATE cohort.

Improvements that could be made to Tarleton's Graduate School

Ability to say with certainty when summer classes will be offered (summer I, II, and location)
More fields of graduate study

Educational Administration EDAD

Highlights of Graduate Study at Tarleton

I really appreciated the helpfulness of the faculty
Rigorous coursework and professors in the Ed. Ad department
Cohort friendships
The professors were enjoyable and delivered timely and subject specific information.
I was in a cohort and it made all the difference

The great diversity in teaching styles and the knowledge gained/enriched from each course.

Being part of the Johnson County Cohort

Faculty and Staff have been very helpful and informative throughout the program

Professional, informative, convenient classes offered, class availability

I enjoyed every professor from TSU

Dr. Littleton's law classes were the most helpful

I felt that most of the classes were very informative and helpful to me and my graduate
studies. I really enjoyed the program I was in. It was a cohort in Cleburne and everything
was great.

I have encountered many professors who are very knowledgeable and have inspired me to
rise to new heights. I feel extremely prepared.

The group activities required in class. Working with more experienced people.

Wonderful professors who taught relevance, not just theory

Professors were awesome in the Education Department!

The doctors who helped me understand my requirements for administration

Professional and experienced faculty.

The wonderful professors who helped me so much

Met my needs of time and schedule of classes

My professors were very helpful and had realistic expectations. They took the time to get to
know each student.

All the faculty members were really good about keeping me up to date about the graduation
process.

Dr. Higham was the greatest!! He was very helpful in obtaining my degree!

Professors in educational administration are the best.

Great instructors, easy access to classes, overall was extremely pleased.

I enjoyed the Cohort and attending classes with the same students throughout my graduate courses.

I enjoyed most of my classes. I really enjoyed ILD, school law, research, educational sociology and human development.

Great overall experience - convenient location in Cleburne

Classes offered in Fort Worth were extremely convenient.

I thoroughly enjoyed the cohort delivery of instruction.

Enjoyed the Cleburne cohort

The cohort was convenient and helped establish connections with people from many different districts.

Love it -> tell everyone to join a cohort! Great experience!

I enjoyed the cohort setting and the fast pace of the program

One of the highlights of my educational experience at TSU would have to be the positive experience established working within a cohort group.

Improvements that could be made to Tarleton's Graduate School

Access to library or web resources. Information about how to check email - get passwords for "non-traditional" off campus students.

Teach APA style before students are expected to submit assignments in APA format.

Maybe this could be a class for the 1st minimester.

Never schedule courses like Public School Law right along with internship and at the beginning of a school year.

Make the first minimester and elective on the proper way to write in APA style.

Try to offer a wide range of courses each semester in Fort Worth.

More access to information/people at the Fort Worth campus - very hard to get to Stephenville and work full time.

More classes should be offered via online and in the summer to allow working graduates flexibility.

My observations are that TSU is working so hard to reach Fort Worth, Waco, and Killeen, that those of us here in Stephenville find it difficult to schedule local classes.

The Fort Worth branch needs to be better equipped. Books should be available for purchase at Fort Worth.

More classes offered at different times.

More indepth principal policies and procedures.

More class availability in Fort Worth

Decrease the workload or re-arrange it. It was difficult to work full time and take a course. A couple professors need a reality check on the amount of work they throw out to working students.

Faculty not so spread out between different campuses... more classes in Stephenville

More rigorous coursework.

Consistent feedback on a timely basis.

Start a cohort in Burleson.

With the cohort I think the classes could have been laid out a little different.

Possibly a course taught by a data specialist in which AEIS, AYP, and PBMAS data could be disaggregated and possibly PEIMS data as well.

Educational Leadership EDD

Highlights of Graduate Study at Tarleton

The Tarleton faculty has been instrumental to my success.

Academic research and enriching experience

The opportunity to participate in the first doctoral cohort is an experience I will always cherish!

Great cohort program for Ed D.
Professors very knowledgeable
Working with cohort of scholars.

Improvements that could be made to Tarleton's Graduate School

Consistency, consistency, consistency
There seems to be a communication lag between Tarleton offices. For example, the registrar's office, while very helpful, never seemed to know there was a doctoral program on campus.
Communication emailed to off-campus students.

Educational Psychology EDSP

Improvements that could be made to Tarleton's Graduate School

Offer more courses at the home campus and not at the other campuses. Provide courses that are directed toward school psychology not counseling. Hire a school psychologist!

Environmental Science ENVS

Highlights of Graduate Study at Tarleton

Great classes, helpful faculty
I particularly enjoyed the small class sizes and personal attention from instructors.
Research work. I was able to participate in many different research projects.

Improvements that could be made to Tarleton's Graduate School

More course work to choose from
Promote more research at all academic levels.

History HIST

Highlights of Graduate Study at Tarleton

The increase in knowledge and networking with students and professors
I enjoyed studying history.

Improvements that could be made to Tarleton's Graduate School

There needs to be more classes offered.
A wider variety of course offerings.

There should be more selections. It was difficult selecting courses in which I was interested.

Computer Information Systems IS

Highlights of Graduate Study at Tarleton

Systems Development course - greatly aided me at work
Having the option to complete this degree entirely on-line was the only way that I could have achieved this degree. Distributed learning was a definite bonus to those of us who wish to enter a global environment.

Was nice that it could be all done online from anywhere... and still be able to attend TSU!
The highlights have been getting to meet people whom are interested in the same field of study and solving real world problems in a team atmosphere. I have gained a lot of knowledge from this program and felt that the faculty and student atmosphere was great.

The graduate study and the facilities provided are excellent. Faculties are encouraging and are always there to help students in all the possible ways.

I was able to study at my own pace. I extremely enjoy the practical and hands on on some material.

The high qualities of the degree program and faculty.

Improvements that could be made to Tarleton's Graduate School

Online advising process.

It would be helpful if online programs required more interaction with instructors. Some online classes that I took had little if any interaction.

I would suggest that the students should be taught according to how things are worked out in industries.

More classes on today's technology and Operating Systems

First, more courses in the IS dept., taught online. Second, WebEx or Live Meeting like features (whiteboard, file sharing, video, teleconferencing) in WebCT that would allow for better teaming collaboration in course projects. The simple chat feature in WebCT does not meet the needs for true collaboration when the student is a 100% online student.

Mathematics MATH

Highlights of Graduate Study at Tarleton

Good people, good professors

Improvements that could be made to Tarleton's Graduate School

Broader study fields

Business Administration MBA

Highlights of Graduate Study at Tarleton

I enjoyed the option of on-line classes, the availability of special projects classes, and the level of professor involvement.

Great Classes; Great Teachers

I was able to meet a lot of students with very diverse backgrounds and careers.

I have really enjoyed continuing my learning process and applying job experience from the Army in a classroom environment.

Improvements that could be made to Tarleton's Graduate School

The MBA capstone course should be offered both face to face and on the internet to accommodate all learning preferences.

I would like to more accounting options, enabling in-depth group study.

The degree requirements (list of classes) on the website say you may take an elective in place of FIN 5003 and MGMT 5003 w/approval... but it should say you may only take FIN 5003 and MGMT 5003 if you don't qualify to substitute an elective.

More elective availability in the Finance area. It's very difficult to come away with an emphasis in that subject alone 18 credit hours to have the ability to teach.

I appreciated the online program available, but I feel I never had a true advisor, and instead relied heavily on my instructors at the time for information. I feel the advisor program might need a little more emphasis in an online environment to ensure students receive info on time.

Management and Leadership MGLD

Highlights of Graduate Study at Tarleton

It has been a pleasure to work with and learn from some of the most talented professors. It has taught me a great deal about my strengths and weaknesses.

The psychology and sociology research into workplace issues, organizational design and behaviors was the most interesting, most helpful and most applicable.

Improvements that could be made to Tarleton's Graduate School

I did 90% of my graduate work online. I would like to have more frequent contact with advisors in regards to courses required, although when I requested advisement I was always helped promptly.

Allow online, distance students the right to decline the student ID car (and have the fee waived) and the right to refuse providing subsidies for foreign students.

Physical Education PED

Highlights of Graduate Study at Tarleton

The discussion held in class.

Improvements that could be made to Tarleton's Graduate School

The availability of classes offered.
