# Student Highlights and Improvement Suggestions

## Agriculture Education AED

### Highlights of Graduate Study at Tarleton

The opportunity to work and learn from quality faculty.

I thought it was a very good educational experience.

My biggest thrill was being a part of campus again. I really missed my purple and white family.

### Improvements that could be made to Tarleton's Graduate School

Offer a larger variety of AgEd classes online.

## Agriculture AGRI

### Highlights of Graduate Study at Tarleton

My favorite part of graduate study was being a graduate assistant and helping other students learn and grow.

### Improvements that could be made to Tarleton's Graduate School

There needs to be more courses available in the Agriculture and Animal Science department.

## Biological Sciences BIOL

### Highlights of Graduate Study at Tarleton

I thoroughly enjoyed my classmates and the faculty.

### Improvements that could be made to Tarleton's Graduate School

I think there needs to be more animal biology courses.

## Criminal Justice CJ

### Highlights of Graduate Study at Tarleton

Working with qualified instructors, that are able to present numerous points of view pertaining to a particular topic.

## Curriculum and Instruction CUIN

### Highlights of Graduate Study at Tarleton

I have enjoyed every aspect of my graduate study.

The ducation depatrment had excellent instructors with experience in my area(s) of interest.

They were supportive and considerate.

The classes prepared me for my career, while offering challenging curriculum.

### Improvements that could be made to Tarleton's Graduate School

My project seminar requirements were not clearly explained. I was never quite sure of the sequence of the steps in each seminar, nor if I was progressing satisfactorily. If you apply for graduation during your "final semester" (as stated in the graduate handbook), it will be at least one more semester before you can graduate.

Since I began the program there have been several changes to the curriculum offered. The classes that I had taken with the first program did not easily transfer to the second, was a frustrating experience.

## Educational Administration EDAD

### Highlights of Graduate Study at Tarleton

Dr. Higham

The small classes and course availability.

Dr. Monk, Dr. Higham, Dr. Beach, Dr. Webber

many faculty members were very helpful here at Tarleton. I felt very comfortable with asking for assistance while in the program.

Dr. Higham and Dr. Webber were absolutely wonderful and helpful in assisting with all questions and concerns I had.

The network of people I met that live around me.

the instructors were very approachable. The relationships developed during graduate studies are far superior than those developed during undergrad.

School law and all of Dr. Rose Cameron's classes.

Tarleton faculty and staff have been very informative and I greatly appreciate all their expertise and education.

#### **Improvements that could be made to Tarleton's Graduate School**

Computer access through MCC.

With the exception of Dr. Randy Ford, the adjuncts that taught electives were not very good at all.

I believe branching out and going to where the instruction is needed is great, however I came to Stephenville to attend Tarleton and during my studies I had to drive to Killeen, Waco, and Fort Worth to take classes I needed.

More contact between students and advisors.

The communication between Tarleton and long distant students is almost null. The only communication seems to be done via university email and most is not received due to the mass amounts of email received that does not relate to long distance students.

### **Human Resource Management HRMG**

#### **Highlights of Graduate Study at Tarleton**

Enjoyed interaction with professors, especially Dr. Dulin, Dr. Bradley (made statistics FUN - if you can imagine), and Dr. Warnock.

The professors made the experience - knowledgeable and understanding.

Excellent wide variety of experiences.

#### **Improvements that could be made to Tarleton's Graduate School**

Maybe take a look at workload for on-line classes. Almost makes the convenience not worth it.

More accommodating for out of town students.

More online courses, better technology.

### **Computer Information Systems IS**

#### **Highlights of Graduate Study at Tarleton**

I've studied information systems from the very basic concepts in programming and database administration to telecommunications and systems administration.

Provided opportunity to pursue new interests.

I believe the courses which will have the greatest benefit to me are the project management course and database course.

Courses in systems analysis and database design were critical to my success at work, leading a large system development effort.

I have enjoyed every class I took.

#### **Improvements that could be made to Tarleton's Graduate School**

The main objective in seeking my degree was to become more knowledgeable about information systems from a business, rather than a technical perspective; many of the courses I wanted to take weren't offered online and there was too much emphasis on programming and database.

More online preparation prior to class work.

More graduate classes should be offered.  
Offering a graduate networking class.  
More courses should be made available.

## **Mathematics MATH**

### **Highlights of Graduate Study at Tarleton**

Teaching, its been a real eye opener.

### **Improvements that could be made to Tarleton's Graduate School**

Go to year long sessions in the core mathematical courses i.e. Real Analysis, Linear Algebra, Abstract Algebra, and Probability and Statistics.

## **Business Administration MBA**

### **Highlights of Graduate Study at Tarleton**

I enjoyed the entire experience from the education to the things I learned about myself  
Being challenged with the course work and projects  
Being able to learn and communicate with different students and staff via the internet and enjoying doing so.  
Overall experience good. Faculty helpful and knowledgeable.

All of the instructors were very eager to help with any issues or concerns. They were also understanding that most graduate students work full time while attending school. I appreciated how courteous everyone was at the graduate office when I needed assistance. It is great to have an affordable option for Waco-area professionals to further their education.

### **Improvements that could be made to Tarleton's Graduate School**

As the MBA program at MCC group, more class offerings.  
Offer more face-to-face classes in Waco and/or work out the technical problems with ITV  
More information given to the Waco Graduate Program regarding deadlines and requirements

As a Waco student, sometime the disant learning classes were not great. Lots of technical difficulty when two plus campuses were using ITV. Face-to-face classes are better.  
I would like to see a doctoral program in business.  
Eliminate interactive TV courses.

## **Management and Leadership MGLD**

### **Highlights of Graduate Study at Tarleton**

Dr. Deviney was my advisor. He was exceptionally helpful and knowledgeable. I learned detailed information that will certainly apply to the real world workforce.

### **Improvements that could be made to Tarleton's Graduate School**

Offering more online courses. More availability of online courses each semester. Other instructors somewhat difficult contact and extremely difficult in determining textbooks for courses and getting the textbooks from bookstore. Prefer knowledge of textbooks in advance. Migrate back to WebCT 4.0. WebCT 6.0 has all the disorganized aspects of its new owner Blackboard Enterprise.

## **Health and Physical Education PED**

### **Highlights of Graduate Study at Tarleton**

Everyone in my major of study was very helpful and supportive.  
Small classes, one on one with professors.

The faculty and staff have made my experience here great. Everyone was always so helpful.

Everything has been good and helpful.

**Improvements that could be made to Tarleton's Graduate School**

More Graduate courses to choose from.

The only issue I had in the Physical Education department is that only around two P.E. classes are offered a semester. People trying to finish school in a certain amount of time may have a problem filling their schedule.
