

Executive Coaching

Deer Oaks EAP Services, a leader in the Employee Assistance and Work/Life industry, is now offering executive coaching services. Our executive coaching program is designed to increase the core capabilities and productivity of managers, supervisors, and other leaders.

Coaching Format

Through one-on-one executive coaching, we work to reinforce key leadership skills such as communication, teambuilding, and performance management, and assign follow-up action items. The coaching plan also includes goals set forth for the individual participant by their direct supervisor or human resources. The executive coaching services are provided by Greg Brannan, Deer Oaks' Director of Training.

Session Scheduling

The 60-minute, telephonic sessions are scheduled at mutually agreed upon times.

Post-Session Reports

A report summarizing the session discussion and agreed upon action items is provided to the participant, his/her supervisor and/or human resources at the conclusion of the sessions.

Pricing

\$500.00 per hour

Includes a pre-meeting and a summary report at the conclusion of the sessions.

Executive Coach Bio

Greg Brannan from Deer Oaks is a management coach and trainer. He specializes in providing education and support for managers, supervisors, and other leaders designed to help them to maximize their personal effectiveness and the productivity of their teams. He has worked with such organizations as the Federal Railroad Administration, the State of New Jersey, St. Mary's County, and the University of Texas at San Antonio.
