State law limits the initial certification to one content area.

The EC-6 Generalist and 4-8 Generalist certifications include English as a Second Language (ESL). The ESL TExES is taken during the internship year.

Before you are eligible to take a representative (pre-test), you must submit your TMATE application, pre-register through the TMATE office, and pay the pre-test fee.

Please be sure to check the [Registration Bulletin](#) for PBT test dates and what to bring on the day of the test.

Test scores are due by date indicated on [TMATE Calendar](#).
