

Killeen SAIL 2011

Summer Adventures in Learning, SAIL, is a laboratory school which provides future teachers with hands-on experience in the classroom. At SAIL local children can participate in highly engaging instruction such as learning about the rain forest, aviation, adventures in Texas, and a stop in Rome.

The program will run through August 5. Students in grades 1-3 attend in the morning from 8:00 to 11:00 and grades 4-8 students attend in the afternoon from 1:00 to 4:00. SAIL is still accepting students. If interested in attending, please email killeentmate@tarleton.edu or stop by the TMATE Office at 704 Whitlow Dr (across from West Ward Elementary).
