Preliminary Off-Campus Enrollment Analysis

Fall 2005

This report presents preliminary uncertified off-campus student enrollment for the fall 2005 semester. Data were collected on the 9th class day. One major goal of this publication is to provide the university community with an early view of the characteristics of students enrolled at off-campus locations for the fall semester.

Due to the extraction of the data early in the semester, some data anomalies may exist. After the Texas Higher Education Coordinating Board certifies Tarleton's fall enrollment, the fall fact book will report final certified statistics for the semester.

If you have suggestions for improving this report, please contact the Office of Planning, Evaluation, and Institutional Research at 968-9354.
