

# Career Clothing Fund

2022-2023

- Rollover (previous year)
- Indiv/Corp

The Career Clothing Fund is a discretionary fund for students needing career clothing items appropriate for the active move to employment. This is a one-time funding source designed to “launch” a student’s work experience. This program was revamped to better serve the student need and gaps in services. Funds are to be distributed directly to students through the BankMobile account. The average award ranges from \$100-\$150.
