

Export Control Purchasing Guidance

Rev. 11/02/2020

The purpose of this guidance document is to provide a list of items, materials and software (collectively, “products”) that may be subject to export controls and thus highly regulated and require export control compliance review and approval.

- **If you answer yes for product(s) you will be receiving or purchasing, the purchase will require export control compliance review and approval.**
- **If no to all of the below, then export control compliance review is not needed.**
- **Submit questions or to request an export control compliance review to University Compliance and Strategic Initiatives by email at exportcontrol@tarleton.edu or by phone at (254) 968-9415.**
