

College of Science and Mathematics Dean's Research Award

In continuing to support our growing research agenda, the College of Science and Mathematics will provide support for the purchase of research instrumentation, equipment, supplies, consumables, etc. associated with faculty research operations that lead to external grant submissions and/or peer-reviewed journal publications. The program awards up to \$5,000.

Dept.	Faculty PI	Award Amount	Project Title
Bio	Chraibi	\$3,323	Diatom SEM Image Acquisition and Taxonomic Collaborations toward Publication
Bio	Brock	\$5,000	Biological Field Research in Southern Alaska
Bio	Speshock	\$3,431	Establishment of Microfluidic Air-Lung Interface "Lung on a Chip" Model
