\*Students must get approval from the MSAT Program Director to pursue the BS/MSAT 5 YR concentration. Being in this concentration at the undergraduate level does NOT guarantee admission into the MSAT program. Students must apply for and be accepted into the MSAT program in order to complete this degree concentration. The MSAT application process will occur during year 3 of the BS program. Students in the BS/MSAT 5 YR concentration must maintain a 3.0 cumulative GPA. If students decide that they do not want to complete or are not accepted into the MSAT program, they can transition to the BS degree with a concentration in Exercise and Allied Health Professions.
