# A *career in* ENGINEERING & TECHNOLOGY IS WAITING FOR YOU.

IEEE offers student awards, competitions, and other opportunities to get actively involved.

The **IEEE** (Institute of Electrical and Electronics Engineers) is a professional organization, which provides the latest technical knowledge for its members through conferences, journals, workshops, and continued education, for the advancement of technology for humanity. With more than 420,000 members in more than 160 countries, **IEEE** is the world's largest technical professional society.

For nearly 140 years, great thinkers have relied on **IEEE** research to develop breakthrough ideas that have altered our lives. Thomas Edison, an **IEEE** forefather, illuminated the future with the light bulb. Today, our tradition of innovation continues. **IEEE** members and partners are currently creating exciting new technologies that will enlighten us to embrace a smarter future.

There are nearly 2,000 Student Branches in 160 countries and at various educational institutions. Student Branches provide an opportunity for Student members to begin networking in their areas of interest and future profession.

- **Begin Networking in Your Areas of Interest and Future Profession.**

Professional networking is a necessary skill for a lifetime of career success. Discover the many **IEEE** events and activities throughout the world that allow you to network and collaborate with an unparalleled global community of technology professionals. **IEEE** has 39 technical societies that provide benefits to members within specialized fields of interest. Society memberships enable you stay current within your chosen technology profession, keep in touch with your peers, and invest in your career.

- **Connect With Local IEEE Sections and Volunteer Leadership.**

As the world's largest technical professional organization, **IEEE** offers a number of ways to get involved with technical and local communities. These communities are active participants in research, conferences, and important conversations about today's most relevant technical topics locally and globally. A network of **IEEE** volunteers around the world are also partnering with underserved communities and local organizations to leverage technology for sustainable development.

- **Learn About Scholarships, Grants, and Fellowships for IEEE Student Members.**

IEEE offers a variety of scholarships for **IEEE** Student members. As a member, you will be able to search the database of available funds to help finance your advancement from Student to Young Professional and beyond. The local **IEEE** Student Branch has access to funding that helps the group organize events and help individuals, such as yourself, have access to scholarships, awards, and support for technical competitions. You can also submit projects or papers for consideration and have the opportunity to win awards and funding while gaining peer recognition for your efforts.
