Information for Candidates Regarding Pre-Admission Content Tests (PACT)

Significant changes to Texas Administrative Code (TAC) §227.10 (a)(3)(C) were approved by the State Board for Educator Certification (SBEC) on October 10, 2008. The new rule allows degreed individuals who have never been admitted to an SBEC-approved Educator Preparation Program (EPP) to take Pre-Admission Content Tests (PACT) to demonstrate content proficiency for possible admission into an EPP in Texas. **Taking PACT does not ensure admittance into a program.** EPPs may have additional admission requirements.

If You Already Have a Bachelor’s Degree or higher from an Accredited University

► You do not need EPP approval to register and take a content examination.
► You do need EPP approval to test if you are seeking a certification other than classroom teacher or a certification with specific skill and experience requirements — Educational Diagnostician, Health Science Technology, Marketing, Principal, Reading Specialist, School Counselor, School Librarian, Superintendent and all of the Master Teacher certifications. The TEA approval system will remain the same as it was before the rule change.
► PACT participants cannot register to take Pedagogy and Professional Responsibilities (PPR) examinations without EPP approval. Your EPP must upload approval to test in the TEA approval system before you will be able to register for PPR examinations.

If You Are a College/University Undergraduate and Are Seeking Initial Teacher Certification

► You must be approved by your EPP for content area and PPR examinations. Your EPP will upload approval into the TEA test approval system. EPP approval must be given prior to registering for any certification examinations.

If You Are Seeking a Certification Other Than Classroom Teacher or a Certification with Specific Skill and Experience Requirements

► If you are in a program seeking a certification other than classroom teacher or a certification with specific skill and experience requirements — Educational Diagnostician, Health Science Technology, Marketing, Principal, Reading Specialist, School Counselor, School Librarian, Superintendent and all of the Master Teacher certifications — you still need test approval from your EPP.
Out-of-State/Out-of-Country Certified Applicants
► If you hold acceptable teaching credentials in another state, U.S. territory, or country, you must have your credentials reviewed by TEA prior to registering for tests. Following a review of credentials, you will be informed of the required examinations for the certification areas you are seeking.

Applicants Living Outside the State of Texas
► If you live outside the state of Texas, you can take PACT for the purpose of entering an EPP in Texas.
► If you live in Arkansas, Louisiana, New Mexico, Oklahoma, New Mexico, Puerto Rico and Mexico, you can take PACT through the Texas Examinations of Educator Standards™ (TExES) program if the tests you wish to take are offered in your area.
► If the tests you wish to take are not offered through the TExES program, or you do not live in an area where TExES tests are offered, certain Praxis II® tests can be taken. For further information about taking PACT through the Praxis™ program, go to the Praxis website at www.ets.org/praxis and select Texas under “State Testing Requirements.”

Contingency Admission into an EPP
► If you are admitted into an EPP prior to receiving a conferred bachelor’s degree, you will require test approval from your EPP before you can register for a certification test.

Registering for PACT
► If you will be taking a Praxis II test, you must register online through the Praxis website. Go to www.ets.org/praxis and select Texas under “State Testing Requirements.”
► If you will be taking PACT through the TExES program, you can register online through the ETS TExES website at www.texas.ets.org unless you do not have a Social Security Number (SSN). If that is the case, you need to e-mail EPPAdmin@ets.org and request that a PACT profile with a “P” SSN be created for you. You must include the following information:
  • Your first name and last name exactly as they appear on the primary ID document(s) you will present at the test center
  • Date of birth
  • Address
  • E-mail address
  • Gender
  • Ethnicity

ETS staff will create a PACT “P” SSN profile for you and reply via e-mail with instructions on how to register.
► If you do have a SSN, go to www.texas.ets.org and click on “Register” at the top of the page.

► Read the explanation under “Online Registration System New Users.”
► After you have read the explanation, click on “New User” at the bottom of the page.

► Select “no TEA ID>>” if you do not have an existing Educator Profile in the State Board for Educator Certification (SBEC) system.

► Confirm your registration as a PACT participant by selecting “pre-admission content tests (PACT)>>”
► Enter personal information for a testing account to be created in the ETS TExES system. Certify graduation from an accredited university. (See the link provided if you are unsure of your college or university’s accreditation.)

► Because you are a PACT candidate, you do not need to create an Educator Profile on the SBEC website in order to register for a test. The ETS online registration system will transfer the data you enter to the SBEC system and give you a TEA ID number. Be sure to make a note of your TEA ID and Username.

► Select “Register for a test” if you are ready to do so.
Test Day Policies and Procedures

► Before the day of the test, you should read and be familiar with all policies and procedures in the Bulletin for the test you are planning to take. Bulletins can be downloaded from the ETS TEES website at www.texes.ets.org and the Praxis website at www.ets.org/praxis.

► You must bring your admission ticket and acceptable identification documents with you to the test center. Details about acceptable identification documents are in the Bulletins and on the websites. Note: Without the required identification documents, you will not be admitted to the test center and no refund will be approved.
