Agenda Item 3: Dept. of Marketing & Computer Information Systems

Department	Program/Course	Change Request	Item No.	Effective Term
Marketing & Computer Information Systems	MKTG-MS - MKTG-MS: Master of Science Degree in Marketing	There is a noticeable lack of MS-Marketing degrees in this region. In fact, only two graduate marketing programs are located in the DFW area (both are in Dallas) and there are currently no programs in the Fort Worth area. Other existing Texas graduate marketing programs are located over 130 miles away from Tarleton’s main campus and DFW area. This program should allow Tarleton to position itself as a regional leader in graduate marketing studies. Demand in this field is growing at 5 percent per year and appears to be stable for the foreseeable future.	P335	202408
Marketing & Computer Information Systems	MKTG 5302	New course to support the concentration for the MSM program	C4631	202308
