This course was successfully offered under a generic number (SOCW 5390: Problems Course) in May, 2017 and May, 2018. The Department plans to offer study abroad programs each year that are appropriate for graduate students. This course will be cross-listed with the undergraduate course as both levels of students will travel together.	C3498	Fall 2019
Social Work	SOCW 5341	Our MSW program needs electives; we have taught this course as a seminar course. We are selectively adding elective courses that can be taught on a regular rotation.	C3681	Fall 2019
Social Work	SOCW 5376	We are tweaking the MSW curriculum to better serve the needs of our students. This course will be followed by a course in program evaluation, thus leading students through the entire process of developing a program, writing a grant for funding, and then evaluating that program. A long-semester grant writing course will still be offered as an elective.	C3809	Fall 2019
