

Tarleton Employee Services

Meet our Team!

Kandace Stone has been with Tarleton State University since 2011 and is currently the Manager of Data Management.

What is your fondest Tarleton memory?

I love the drum line! I also love when the Tarleton Choir would travel around campus and sing Christmas carols.

What do you enjoy most in your role?

I love helping others incorporate more effective ways to complete tasks. Breaking things apart and putting them back together is fun for me!

What is something unique about you?

Dogs seem to adopt me.

If you could teach a class a class at Tarleton, what would you teach and why?

I would teach politics because I enjoy discussing different perspectives and views.
