

Charles W. Stenholm Congressional papers

99th – 106th Congress

Biographical Sketch:

Charles W. Stenholm was born in 1938 in Stamford, Texas. He graduated from Stamford High School, Stamford, Tex., holds the following degrees, A.S., Tarleton State Junior College, Stephenville, Tex., 1959; B.S., Texas Tech University, Lubbock, Tex., 1961; M.S., Texas Tech University, Lubbock, Tex., 1962. Prior to his election to Congress, Stenholm was a farmer; teacher; business executive; and delegate to the Democratic National Convention in 1972. Elected as a Democrat to the Ninety-sixth Congress, he served in twelve succeeding Congresses (January 3, 1979-January 3, 2005) and was an unsuccessful candidate for reelection in 2004. Stenholm represented Texas' conservative 32 county, 17th District (Abilene) for 26 years (1979-2005). A member of the House Committee on Agriculture for his entire Congressional career, Stenholm became the committee's ranking Democrat during his last 8 years ending in 2004. Stenholm, a conservative Democrat, was founder and co-chair of the conservative Democratic Blue Dog Coalition. Stenholm was universally recognized for his abilities to forge good working relationships with moderate Republicans and to mobilize a "swing vote" of fiscally conservative House Democrats from states throughout the nation who were willing to vote with House Republicans usually in exchange for more favorable legislative language. During the 1980's, Stenholm was a leader of the Boll Weevils, a coalition of southern members of the House who defected as a group from the Democratic party to vote with Republicans on budgetary and tax bills. He also organized the Conservative Democratic Forum during the Reagan administration. Called the "godfather of fiscal austerity," Stenholm's consistent push for fiscal responsibility in the federal budget resulted in House passage of his Balanced budget Constitutional Amendment in the 104th Congress, but was defeated by one vote in the Senate. As the result of a redistricting effort in the Texas Legislature during 2003, Stenholm's existing district was split among three new districts. Most of his former territory, including his home in Abilene, was placed into the heavily Republican, Lubbock-based 19th district, while his cotton farm was thrown into the equally Republican Amarillo-based 13th district. Stenholm ran in the 19th district and was not re-elected.

Scope and Content Note:

The Charles W. Stenholm Congressional papers document Congressman Stenholm's 26-year career in the United States House of Representatives. The papers consist of 359 boxes or 448.75 linear feet. The papers include background material on crop subsidy and crop insurance legislation, speeches presented in Committee and on the House floor, copies of draft and final legislation and budgets, and summaries of legislative issues addressed in Congressional sessions. The Stenholm papers trace the history of bipartisan alliances in agriculture, Social Security, energy, health care and balanced budget. Other research topics supported by the Stenholm papers include balanced budget debates and amendments, President Clinton's impeachment, early energy programs (oil and gas pricing, oil for food), and healthcare (Medicaid, managed care reform, prescription drugs). Also included in the papers are constituent correspondence, visitor logs, financial statements and vouchers, daily legislative folders, scripts and audio from radio talk shows, and videos of floor statements by Stenholm.

Note to Researchers:

The collection is currently unprocessed and advance notice is required before conducting research. Because of privacy issues case files may be restricted and some files may need to be checked before access is allowed for research.
