Thanks for your interest in working with Learfield Licensing Partners and our client institutions. Please thoroughly read this packet before completing the application. Respond to all inquiries completely as it relates to your business model. Please contact Learfield Licensing at (317) 669-0808 if you have questions as you complete the license application process.

Samples that are received without a completed product specification form will not be considered. Understanding the Licensing Process

License applications are reviewed in the order that they are received. The response time to your application may vary; however, most applications are completed within 30 days following receipt of the required application materials. Some applications may require a longer response time due to the number of schools selected or the nature of the product(s) that you have submitted for review. While your application is in review, we encourage you to begin researching the insurance options that are available and confirm that your insurance agent is able to meet the requirements that are required, but not obtain the policy until the license request is approved. An insurance requirement guideline and sample certificate that you can share with your agent is included (see Pages 3-5).

Should Learfield Licensing approve your licensing application and insurance certificate, you will be sent a license agreement for signature and have 90 days to sign and return the agreement along with any additional fees or advances. You must agree to the terms provided in the agreement that is issued to you as a condition of licensing. Changes to the license agreement will not be accepted.

Agreement terms run on an annual basis beginning July 1 and ending on June 30 of the following year. Licensees will be given the option to renew in May/June for the upcoming contract year unless the school or Learfield Licensing chooses not to renew the license.

Artwork will not be available, nor will authorization to produce products bearing the marks of any Learfield Licensing client be granted, until the applicant has completed the license application process in its entirety and received an executed license agreement. Upon completion of the license application process, you will receive a username and password providing access to production-ready artwork for the licensed client institution(s). Artwork may only be obtained online at college.trademarkonline.com. Artwork files are saved down to Illustrator 8 EPS (or Illustrator CS if the marks contain gradients). Digitized logos for embroidery may be sourced from your contacts.

Many collegiate institutions require that their licensees are members of the Fair Labor Association (FLA) and/or in compliance with rules and regulations of the Worker Rights Consortium (WRC), or agree to the terms and conditions of an individual school Code of Conduct. A complete list of school affiliation and codes of conduct requirements is available in the "List of Learfield Licensing Accounts" starting on Page 14.

Licensing Fees

The application fee is due at the time of application. All other applicable annual administrative fees and annual advances will be invoiced after the review of your application with the agreement. Annual advances are pre-determined according to the "List of Learfield Licensing Accounts" (Page 14), and are pro-rated based on a one-year contract. The application fee covers administration of the initial contract term with one school. An additional \$100.00 administration fee will be charged for each additional school. The length of the contract will be based on the date your completed application is received.

Hologram Labeling Requirement

The Collegiate Licensed Properties Association (CLPA) is a non-profit organization made up of colleges and universities whom either manage their own licensing program, or partner with Learfield Licensing Partners for trademark management services. These institutions have come together to create the CLPA Authentication Program, which is designed to protect legitimate licensees from unlicensed and counterfeit products. The CLP labels and hangtags combine several optical imaging techniques into a single image to create the high level of security found in the CLP labels. Because of these security features, licensees may not print or produce their own CLP labels. Labels may not be ordered until you have completed the entire licensing process. For more information about the CLPA Authentication and hologram labeling program, including a list of labeling requirements, please visit www.clpa.us.

Product Liability Insurance

Pursuant to the Standard License Agreement, Licensee has a contractual obligation to carry liability insurance for products that bear the intellectual property of Owners for which they are licensed. Liability insurance is required to name as "Additional Insureds" the institutions with which they hold a license, and Learfield Licensing Partners, who represents these institutions. A Certificate of Insurance evidencing this requirement must be submitted to Learfield Licensing Partners. Please refer to the following information for methods of satisfying the insurance requirements:

INSURANCE INFORMATION:

- Learfield Licensing recommends contacting one of the providers below that has consistently supplied insurance certificates meeting our requirements. Additional companies will be added with consistent compliance. Vendors may elect to contact a provider not listed below, but the requirements must be met.
 - The Hartford (877-495-8542)
 - State Farm Insurance Company (855-623-2138)
 - C.N.A. Insurance Company (www.cna.com)
 - Cincinnati Insurance Company (www.cinfin.com)
 - Acuity Insurance Company (acuity@acuity.com; 800-242-7666)
- The Licensee's (the Insured) objective in obtaining a license is to utilize the intellectual property/trademarks of clients (Owner) represented by Learfield Licensing. Once the license is granted to the Licensee, the Licensee is authorized to apply intellectual property/trademarks on the licensed products. The **licensed products** are then sold by the Insured to consumers through various channels.
- Learfield Licensing Partners LLC recommends that the insurance be procured for a term of at least one year. According to the license agreement, a current Certificate of Insurance must be retained throughout the term to avoid cancellation.
- Learfield Licensing Partners, LLC will not accept insurance declaration forms, binder or the full policy in lieu of the Certificate of Insurance unless it is requested. Only a Certificate of Insurance and applicable endorsement will be accepted. Please note that an endorsement form is not required; however, if a form is used to endorse the additional insured language into the policy, Learfield Licensing must receive a copy of the endorsement form that includes the policy number along with the Certificate.
- Pursuant to the written contract with Learfield Licensing, the Endorsement/Business Liability Coverage Form is required to include Product Completed Operations Hazard liability coverage.
- Licensed vendors that are approved for routine products are required to maintain a minimum of \$1,000,000 aggregate and \$1,000,000 coverage for each occurrence. Consumable and high risk products require a minimum of \$3,000,000 aggregate and \$3,000,000 for each occurrence. Learfield Licensing will inform the licensee if they are required to maintain consumable or high risk coverage.
- The following "additional insured" language must be endorsed into your insurance policy without deviation or added verbiage and appear on your insurance certificate or it will not be accepted:

"Learfield Licensing Partners, LLC (Learfield Licensing), all institutions represented by Learfield Licensing for which the insured is licensed, and their respective agents, officers and employees are named as Additional Insureds subject to the written contract."

**The additional insured statement must be referenced with a policy number if placed on a separate page*
