2021-2022 Texas Common Course Numbering System Advising Guide

Degree Specific

- This 8 semester evaluation is contingent on the successful completion of each class. Please note this evaluation is designed with **prerequisites in mind**.
- ¹ Designates classes that must be taken in the semester prior to final semester
- ² Classes considered to be "Block Courses" are required to be taken in the last semester. These classes must be taken together and cannot be taken in combination with any other classes.
- Ag Electives consist of any course with the following prefixes: ACOM, AGRI, AGSD, HORT, ANSC, ANSV, ENVS, VETE, ENTO, FDSC, NUTR, RNRM, SOIL, or AGECE.
- It is mandatory that students attend a "Block Party" the semester prior to completing their internships.

Degree Information

- This 120 hour four-year degree plan provides a model for on-time completion of this TSU program with as many TCCNS courses as possible. The four-year plan also shows the first point when no TCCNS courses are available for this program. See the current Undergraduate Catalog for course prerequisites. Course availability at TSU is subject to change, and the plan shown may change based on updates to TCCNS offerings.
- Texas Common Course Numbering System (TCCNS) provides a shared, uniform set of course designations for students and their advisors to use in determining both course equivalency and degree applicability for transfer credit on a statewide basis.
- **Individual academic programs may require specific courses contained in parts of the Undergraduate Core Curriculum as prerequisites for certain major requirements.** Students who wish to take courses that will fulfill both core and major requirements simultaneously should check with academic advising for assistance in selecting core courses.
- Students meet the Writing Proficiency Requirement by completing two upper-level Writing Intensive courses in their major or courses designed for their degree program. Contact the Academic Advising Center for additional information or questions.
- Residence is satisfied only by official enrollment in and completion of course work applied toward degree requirements.
 - A minimum of 30 semester hours of work counted toward the degree must be completed while enrolled at Tarleton. The work completed at Tarleton and counted toward the degree must include at least 12 advanced hours (3000 or 4000 level) and 12 of these advanced hours must be in the major or minor.
- A minimum of 45 advanced credits (3000/4000 level course work) are required and needed to satisfy degree requirements.
- How does duplicating a course impact my GPA?
 - A student may take a course a second or subsequent time at the same institution. The highest grade earned will be included in the GPA calculation.
- Can I take a course at another school and transfer it back to TSU?
 - If you plan to take a course at another school and transfer it back to TSU, you need to meet with an advisor and Transfer Services. An advisor can tell you the correct course number to take and the process for transferring credit with completion of a Concurrent Enrollment Form if needed.
