College of Agricultural & Environmental Sciences

B.S. Agricultural Services and Development - Interdisciplinary Agriculture

Degree Offered at Stephenville Location

Course rotation and availability may vary based on location

2021-2022 Texas Common Course Numbering System Advising Guide

Degree Specific

- This 8 semester evaluation is contingent on the successful completion of each class. Please note this evaluation is designed with **prerequisites in mind.**
- ¹ Agricultural Focus Area Electives must be approved by a departmental advisor.
- ² Classes considered to be "Block Courses" are required to be taken in the last semester. These are to be taken together and cannot be taken in combination with any other classes.
- It is mandatory that students attend a "Block Party" the semester prior to completing their inte

Degree Information

- This 120 hour four-year degree plan provides a model for on-time completion of this TSU program as many TCCNS courses as possible. The four-year plan also shows the first point when no TCC options are available for this program. See the current Undergraduate Catalog for course prerequisite availability at TSU is subject to change, and the plan shown may change based on updated TSU's course offerings.

- Texas Common Course Numbering System (TCCNS) provides a shared, uniform set of course designations for students and their advisors to use in determining both course equivalency and applicability of transfer credit on a statewide basis.

- **Individual academic programs may require specific courses contained in parts of the University Core Curriculum as prerequisites for certain major requirements.** Students who intend to take courses that will fulfill both core and major requirements simultaneously should check with academic advisors for assistance in selecting core courses.

- Students meet the Writing Proficiency Requirement by completing two upper-level Writing Intensive courses in their major or courses designed for their degree program. Contact the Academic Advising Office for additional information or questions.

- Residence is satisfied only by official enrollment in and completion of course work applied toward degree requirements.

A minimum of 30 semester hours of work counted toward the degree must be completed at Tarleton. The work completed at Tarleton and counted toward the degree must include at least 12 advanced hours (3000 or 4000 level) and 12 of these advanced hours must be in the major.

- A minimum of 45 advanced credits (3000/4000 level course work) are required and needed to satisfy degree requirements.

- How does duplicating a course impact my GPA?

A student may take a course a second or subsequent time at the same institution. The highest grade will be included in the GPA calculation.

- Can I take a course at another school and transfer it back to TSU?

If you plan to take a course at another school and transfer it back to TSU, you need to meet with both an advisor and Transfer Services. An advisor can tell you the correct course number and assist with completion of a Concurrent Enrollment Form if needed.
