Teal Tuesday
EVERY TUESDAY

WEAR IT
SHARE IT

How does wearing teal solve violence? It doesn't. Not by itself, anyway. What it CAN be is an attention-grabber. A conversation starter. An invitation to chat. When we turn campus teal, people wonder what it's about. They read, they listen, they learn. So, show us how you're wearing your teal this April, and spread the word about keeping our communities safe.
