NIST Control Family – Incident Response

CONTROL NUMBER	CONTROL NAME	PRIORITY	REVISION DATE	NEXT SCHEDULED REVIEW DATE
IR-7	Incident Response Assistance	P2	4/15/2020	4/15/2021

I. Statement

Tarleton State University will provide an incident response support resource, integral to the organizational incident response capability that offers advice and assistance to users of the information system for the handling and reporting of security incidents.

II. Applicability

This Control applies to all Tarleton network information resources. The intended audience for this Control includes all information resource owners, custodians, and users of information resources.

III. Risk Statement

Lack of a Security Incident Response Program may result in improper identification and handling of security events.

IV. Implementation

The chief information security officer shall be the primary resource for managing the information security incident response process. The chief information security officer will utilize Texas A&M University Engineering IT Security and the Texas A&M University System Security Operations Center as back-up resources as needed to facilitate an effective response to a suspected or confirmed information security incident.
