NIST Control Family – Program Management

CONTROL NUMBER	CONTROL NAME	PRIORITY	REVISION DATE	NEXT SCHEDULED REVIEW DATE
PM-6	Information Security Measures and Performance	P1	4/15/2020	4/15/2021

I. Statement

The University develops, monitors, and reports on the results of information security measures of performance.

II. Applicability

This Control applies to all Tarleton network information resources. The intended audience for this Control includes all information resource owners, custodians, and users of information resources.

III. Risk Statement

Management has not aligned the technology architecture with corporate strategy or external threats

IV. Implementation

The information security officer will develop, prepare, and review reports to measure the effectiveness of controls and will submit them to the CIO for further review.
