

Tarleton State University Proofpoint Spam Filtering Service

The graphic below displays a Proofpoint 'End User Digest' email that contains a listing of email messages that are suspected to be spam.

End User Digest: 7 New Messages
For [redacted]@tarleton.edu

The messages in your personal Digest represent emails that have been filtered and sorted into different categories, giving you an opportunity to take action on them. Click the link in the Subject column to view the message.

[Request New End User Digest](#) [Request Safe/Blocked Senders List](#) [Manage My Account](#)

The emails listed in this section represent low priority email such as newsletters, invitations, and announcements placed in your personal quarantine. If you want to receive email from the sender, click Allow Sender - future emails from the sender will be delivered to your inbox. Otherwise, click Block Sender to stop receiving email from the sender.

Low Priority Mail - Quarantined			
Score	From	Subject	Action
100	m.good@f5.com	You're Invited: Fight the Good Fight Against the Bad Bots Webinar	Release Allow Sender Block Sender
100	team@code42.com	File Visibility is the Key to Protection Code42	Release Allow Sender Block Sender
99	sabrina.ter.wagoner@hpe.com	Aruba is bringing Atmosphere to Austin, TX on January 24, 2019!	Release Allow Sender Block Sender
100	marketing@us.pandasecurity.com	Webinar: Misunderstanding EDR January 9	Release Allow Sender Block Sender

Using the End User Digest

- Open the End User Digest which displays a listing of suspected spam email messages.
- Review the messages to determine if they are spam.
- If the messages are spam email, no action is required. These messages will be automatically deleted from the digest in 14 days
- Occasionally valid email messages are mistakenly labeled as spam. This is known as a false-positive.

End User Digest Options for Valid Email – Low Priority Mail - Quarantined

- **Release:** Delivers the email to your inbox
- **Allow Sender:** Adds the sender to your safe list, so that the sender will not be blocked in the future
- **Block Sender:** Adds the sender to your block list in the future

End User Digest Options for Valid Email – Spam – Quarantined

- **Release:** Delivers the email to your inbox
- **Release and Allow Sender:** Delivers the email to your inbox and adds the sender to you safe list, so that the email is not quarantined in the future
- **Not Spam:** Marks the email as a valid email instead of spam

Digest Email Options

- **Request New End User Digest:** Delivers a new user digest to your inbox
- **Request Safe/Blocked Senders List:** Delivers a list of senders you categorized as safe and blocked

Safe Senders List		Blocked Senders List	
	Email Address		Email Address
Delete	info@ed-email.techtarget.com	Delete	sabrina.ter.wagoner@hpe.com
Delete	no_reply@techtarget.com		
Delete	info@accessibilityassociation.org		

- **Manage My Account:** Allows you to manage your quarantined email messages

The screenshot shows the email interface for Tarleton State University. At the top, there are navigation links: Find, Release, Allow Sender, Block Sender, and Options. Below this is a search bar with the text 'Username@tarleton.edu' and a dropdown menu. The main content area is titled 'Low Priority Mail - Quarantined' and contains a table of email messages.
