

Texas Physics Consortium

Student Removal Form

Advisor: This form will remove a student from the Texas Physics Consortium Database. A student should be removed from the database either upon graduation or upon leaving your program. The form is to be faxed or electronically submitted by the student to the Texas Physics Consortium Chair (marble@tarleton.edu or 254-968-9953). Under the Texas Physics Consortium MOU, student data will be transmitted by the TPC chair to TPC campus facilitators as required including the removal of the student from course management systems.
